# DIG-IT

"DIG-IT, Digital Education Initiatives & Timely Solutions" is a project developed within the framework of the Erasmus+ Programme – KA2 – Cooperation for Innovation and the Exchange of Good Practices-in the field of Strategic Partnerships for Higher Education.

Main Objective

"DIG-IT, Digital Education Initiatives & Timely Solutions" is designed to inspect how educators can design, deliver and evaluate online study units and resources that best encourage success in online learning for students as well as trainers and educators. The aim of the project is to improve and create an innovative partnership model of the online teaching and learning methods with digital technologies.

L-Università ta' Malta   University of Cyprus   jamk | University of Applied Sciences   SAPIENZA UNIVERSITÀ DI ROMA   UNIVERZA / Fakulteta za   SAINT JAMES HOSPITAL

The intellectual outputs of Dig-It are:

1. Quality Standards: An Innovative Interactive Digital Education Framework and Companion Evaluation Toolkit
2. Design, Deliver and Evaluate A Robust Innovative Digital Education Continuing Education Course for Academic Staff Including Healthcare Professionals
3. Designing and Delivering the Train-The-Trainer Online Course
4. Bilingual (English And Italian) Digital Resources for Healthcare Professionals to Offer Mobile Learning at The Point of Care and Enable Global Distribution
5. Website and Repository of Free Innovative Digital Education Resources to Reduce Redundancy, Cost and Time
6. Program Evaluation of Continuing Education Online Courses, Resources and Repository

Target groups are:

· Academic staff in the universities of Malta, Cyprus, Italy, Slovenia and Finland
· Healthcare professionals in St. James facilities in Malta, Hungary and Libya
